

# NAME SURNAME

## N6 National Technical Certificate of Electrical Engineering

Residential Area: Durban, KwaZulu Natal

Mobile: 071 885 1887 | Email: [joeassoap@testmail.co.za](mailto:joeassoap@testmail.co.za)

LinkedIn Profile: <https://www.linkedin.com/in/joe-soap/>

### PROFILE

---

A dynamic Electrical Engineering N6 graduate, with leadership potential and strong communication skills, leveraging strong capabilities in proving a mature and responsible approach to any task that I undertake, acquired over 4 years while completing my NCV level 2 - NCV level 6 qualification. This approach was necessary, while completing theory in class, as it was also required to apply that theory in practical tasks at an electrical workshop, which furthermore provided a valuable opportunity for me to show my skills.

Very passionate about constructing different kinds of circuits on a panel, where this challenges and allows me to be a critical thinker and to be creative.

#### Practical Experience Gained During NCV level 2 - NCV level 6 (4 years) Studies:

- Drawing circuit diagrams and interpreting them.
- Completed house wiring of panels which includes wiring of light, a store geyser and motor.
- Electronics design and fault finding, logic circuit and did multivibrator circuits on Veroboard.
- Soldering and desoldering.

### KEY COMPETENCIES AND SKILLS

---

- **Conflict management** - learnt to navigate and handle myself in conflict and risk situations.
- **Decision maker** - able to make quick decisions and try new solutions.
- **Energetic** - proactive and actively seek solutions to problems.
- **Resilient** - when it comes to a problem, I rarely give up, instead am persistent and try different approaches.
- **Teamwork** - keen collaborator and work so well with other people from different backgrounds.
- **Adaptability** - having worked with different people when performing tasks at the electrical workshop helped develop my adaptive skills.

**Languages:** IsiZulu and English.

**Computer Skills:** Basic experience in Microsoft Outlook, Microsoft Word and Microsoft Excel.

### EDUCATION | QUALIFICATIONS

---

2018 - 2021: National Certificates of Electrical Engineering | Elangeni TVET College, KwaZulu Natal

- Completed N1 - N6

2010 - 2014: Matric (National Senior Certificate) | Nhlanhlayethu Secondary School
